Description:

Forty years. Forty stories.

In honor of the fortieth anniversary of *Star Wars: A New Hope*, this collection features *Star Wars* stories by bestselling authors, trendsetting artists, and treasured voices from *Star Wars* literary

history. More than forty authors have lent their unique vision to forty “scenes,” each retelling a different moment from the original *Star Wars* film, but with a twist: Every scene is told from the point of view of a background character. Whether it’s the X-wing pilots who helped Luke destroy the Death Star or the stormtroopers who never quite *could* find the droids they were looking for, *Star Wars: From a Certain Point of View* places the classic movie in a whole new perspective, and celebrates the influence and legacy of the unparalleled cultural phenomenon, *Star Wars*.

Contributors include:
