Description:

Review

"**Bella Andre is one of my top autobuy authors.** She never fails to bring heat and heart in her stories. They are always such a great escape, making you fall in love many times over again. However, there is one thing I love best about her stories. It's the way she makes family important in every one of her books. You don't just feel the romantic love, but also the loyalty and undying love the characters have for their siblings as well. If you have a soft spot for big families, then the

Sullivans must be a series you check out. Just be prepared to want to marry into the family, because their love feels majestic and untouchable." ~ *Annie from Under The Covers Book Reviews*

"Rafe has taken my breath away...I absolutely adore Bella Andre and the way that she combines eroticism with love; laughter with love....Yes, it all stems around love - the love of a good man, the love of a wonderful family and the love of your life. She writes with such depth and detail that you can picture the lake, picture the cabins and feel the love that is pouring off of both Rafe and Brooke. You laugh, you cry and you smile all at the same time. But, most of all, you wait breathlessly for the next Sullivan story." ~ *Kitty from Guilty Pleasures Book Reviews*

"Full of emotion, laughs and HOT love scenes! Rafe is my favorite kind of bad boy: he has a tough, rugged persona with an intense job and sleek motorcycle, but he cares deeply for his family and protects his loved ones at all costs." ~ *Sara from HarlequinJunkie*
